LdM Gallery is a project by Istituto Lorenzo de' Medici

LdM GALLERY

The LdM Gallery is a project by Istituto Lorenzo de' Medici, a space where academic research and artistic experimentation meet within a professional setting.

Founded in 1973, Istituto Lorenzo de' Medici prides itself with having core values aimed towards ensuring students achieve the skills necessary to creatively meet the challenges of their respective fields, skills accomplished through interdisciplinary projects and engagement within the professional sector, as well as through the interaction with the local community.

The LdM Gallery closely aides in working towards this goal, creating an efficient space for showcasing interdisciplinary fields of art within the school. The overall mission of the LdM Gallery is to encourage the development of creativity and sophistication within the student body, generate an open dialogue between students and the public, and foster opportunities for students to experience the reality of the art world beyond an institutional setting and gain professional experience through their artwork.

LdM Gallery Coordinator: Federico Gori, LdM Professor - Department of Painting, Drawing and Mixed Media.

LdM Gallery Intern: Julia Lindemon, Marist-LdM Fine Arts B. A. student.
